PARCS 2007 Dues (Subject to Change)

Renewing Members \$ 50.00/ Seniors \$40.00
New Members \$ 125.00/ Renewing under 18 \$ 35.00
New member under 18 \$ 65.00
Dues can be sent to:
Luther Farmer, Treasurer
145-48 182nd Street
Springfield Gardens, NY 11413
(718) 712-4276

PARCS Quick Reminders;

The PARCS Annual Holiday Party will be held on Saturday, December 9th @ 7:00 P.M. at the Ryan Center. Non-Member price to be determined.

General election and by-law voting is to take place by secret ballot at the November general meeting.

Field Rules Reminders:

- 1) Smoke has been allowed for use at the flying field.
- 2) There is still a 400' ceiling in effect where full scale aircraft are in the immediate vicinity.
- 3) When full scale aircraft are in the air, or if you fly over 400', all pilots must fly with a spotter. (this is an AMA rule.)
- 4) All giant scale pilots must have someone to hold their aircraft while starting.

Please be aware of your surroundings. Help us to have a safe and enjoyable flying season.

Presidents' Corner By: Scott Schultz

Congratulations to Carmine Bianco for a wonderful field dedication ceremony. November's general meeting is always an interesting one, as the general elections and by-law submissions are presented and voted on by the general membership. I wish all the candidates good luck on their upcoming election.

I would like to plan a club trip to the Toledo show in April, 2007. As of now, the price of the ticket is \$ 250 round trip plus the cost of the rental car. I would like to get at least 8 members to go. It is a long day, as the flight leaves LaGuardia at 6 AM and leaves Detroit 7 PM. It is a fun day and lots of sights to see. If you have a few dollars and a free day, it is definitely worth the trip.

As you may or may not know, I have updated the websites' pictures page. I am looking for more pictures and videos to post on the web. I will also post family pics if they are related to the flying field or the hobby.

We are going to try a few different ideas to keep warm this winter at the flying field and still be able to comfortably fly. One idea is to use a kerosene blower to warm the pilot while flying. We will be trying this as I will donate the kerosene blower to the club. We will keep you posted on the results.

If any members have any articles they would like to submit on either club events or their own reviews of hobby related products, please forward them to me at parcs@earthlink.net

PARCS 2006 Executive Board

President: Scott Schultz
Vice-President: Susan Salomon
Sergeant at Arms: Ray Sarquiz
Vinnie Carotozzolo
Treasurer: Luther Farmer
Webmaster: Walter Bellini

New Buddy Box Program

Thanks to AMA, any new adult member can receive a buddy box with a new membership!

Get your buddy started right! Recommend your friend join AMA, and along with a new AMA membership he or she will receive a free JR or Airtronics buddy-box transmitter. (\$7.95 shipping and handling applies)

You'll put an end to the "who's got the buddy box?" syndrome, along with all the hassle of setting trims and checking servo direction, because now your buddy will have his or her own buddy-box unit. The time saved fiddling can be used for what he or she wants the most: stick time!

Supported by JR and Airtronics, this is a great deal for both of you. And don't forget about [AMA's Ambassador Program](#): sign up three new members and your next membership will be at no charge!

Murphy's Laws Revisited

by Al Coelho

Murphy had some laws; here are some of Al's.

1. Law of mechanical repair: after your hands become coated with grease your nose will begin to itch or you'll have to go to the bathroom.
2. Law of tools: any tool, when dropped, will roll to the least accessible corner.
3. Law of probability: the probability of being watched is directly proportional to the stupidity of your act.
4. Law of the telephone: when you dial a wrong number, you never get a busy signal.
5. Law of the alibi: if you tell the boss you were late for work because you had a flat tire, the very next morning you will have a flat tire.
6. Law of lanes: if you change lanes in traffic, the one you were in will start to move faster than the one you are in now.
7. Law of likeability: as soon as you find a product that you really like, they will stop making it.
8. Law of close encounters: the probability of meeting someone you know increases when you are with someone you don't want to be seen with.
9. Law of the result: when you try to prove to someone that something won't work, it will.
10. Law of biomechanics: the severity of the itch is inversely proportional to the reach.
11. Law of carpets: the chances of an open-faced jam sandwich landing face down on a floor covering is directly correlated to the newness, color, and cost of the carpet.
12. Law of logical argument: anything is possible if you don't know what you are talking about.
