Good and Welfare

Our thoughts and prayers go out to George Schneider on a speedy recovery from quadruple bypass.

A well wish to Frank Desantis on his recovery from hand surgery.

Field Rules Reminders:

- 1) Smoke has been allowed for use at the flying field.
- 2) There is still a 400' ceiling in effect where full scale aircraft are in the immediate vicinity.
- 3) When full scale aircraft are in the air, all pilots must fly with a spotter. (this is an AMA rule.)
- 4) All giant scale pilots must have someone to hold their aircraft while starting.

Please be aware of your surroundings. Help us to have a safe and enjoyable flying season.
