Letter from the Editor:

Dear Members,

The Jet Rally was a really great weekend. I was only there on Saturday but I saw many members out in the hot sun directing traffic, members cooking & serving food, members tabulating and doing all kinds of things to make it a success. I will not mention any names as there are too many to mention & I do not want to forget anybody. I just would like to say “Thanks” to all who helped. It was a real team effort. I am glad we had it. (we almost didn't)

So, **Sal Faraj**.....A special **Thank You** to you.

See you at the field!! TONY B
